

Tsukuba Medical Laboratory of Education and Research (TMER) in cooperation with the International Federation of Biomedical Laboratory Science is pleased to announce their support of an overseas trainee project in 2016.

TMER will select one foreign trained technologist as a trainee for education in immunology (tumor marker) and examination of thyroid function.

Date: 12~17 September 2016 (for 7 days)

Course: Lectures and practical training in immunology (tumor marker) and examination of thyroid function.

Place: Tsukuba Medical Laboratory of Education and Research NPO and Tsukuba University Hospital, Japan

Support: Air fare up to 100,000 JPY
Living expenses in Japan for up to 50,000 JPY
Practical training included
TMER will organize the hotel arrangements for the training period
Welcome dinner will also be included

Applicant must be an active BLS and must be recommended by their Association who is in good standing with IFBLS. The successful applicant will be given a letter of invitation and a certificate of completion from TMER and IFBLS.

Applications must be received at the IFBLS office by **March 30, 2016**.

By mail to IFBLS, 33 Wellington Street North, Hamilton, Ontario L8R 1M7 or by email communications@ifbbs.org

Judgment: Judged by IFBLS Board Members and TMER Board members.

The judgment point

- 1. The winner is expected that he (or she) can return the training knowledge to the members after going back to one's country.**
- 2. A Recommendation letter from your Association is a good judgment material.**
- 3. The applicant is required to accept the financial agreement.**
